Dear Chair DeLauro and Ranking Member Granger:

I am requesting \$549,600 for the Village of Lowellville Wastewater Improvements in Fiscal Year 2022. The entity to receive funding for this project is the Village of Lowellville, 140 East Liberty St, PO Box 124, Lowellville, OH 44436.

The Village of Lowellville is requesting funds to make necessary improvements to their wastewater treatment plant. This project entails replacement of the existing sanitary siphon which conveys all wastewater from the Village's south side of the Mahoning River to the Village's wastewater treatment plant on the north side on Sixth Street. Their existing siphon is no longer reliable in order to safely keep up with the strain on the system, making this project a top priority that has the support of the local leaders and businesses within the community. This project is necessary for the health and human safety and to proactively prevent sewer back-ups and overflows crossing the Mahoning River, making this a beneficial use of taxpayer dollars. Furthermore, this project provides more reliability to transport wastewater to the treatment plant, and it provides for additional conveyance capacity for future flows from future businesses or residences.

I certify that neither I nor my immediate family has any financial interest in this project. Thank you for your consideration.

Sincerely,
